Tire shot out from truck

A 16-year-old Woburn youth, Saturday morning had an adventure in Wilmington Square.

He had stolen a van type truck from a Woburn firm, at about 4 a.m. Saturday, after breaking into the office of the firm. He drove out of Woburn, without being noticed, and parked at the Jack-in-the-Box, Main Street, Wilmington.

The van had been spray painted, with black paint, with many swastikas. Sgts. George Shepard and Jay Palmer, in a cruiser, noted the

spray painting and decided to investigate. They drove into the Jack-in-the-Box yard.

The youth, apparently panicking, pulled out, and drove off at a high rate of speed toward Woburn.

Two Wilmington patrolmen were working in Wilmington Square at that early hour, because the Burlington Avenue bridge is closed, as a part of the new sewer project. Officers Bob Shelley and James Burke got a radio message from Shepard and Palmer.

The truck, as it went through

Wilmington Square, was driven directly at the two men. They had to jump aside.

Officer Shelley drew his gun, and shot out the rear tire of the van. It continued over the hill, but then turned over, in front of Ralph's Auto Supply.

The driver was arraigned in Woburn Court, on charges of larceny of a vehicle, using without authority and failing to stop for a police officer, preferred by the Wilmington police.

New process could iron out water problems

Iron has long been a problem in Wilmington's water. It stains laundry, tastes funny, and gives water a red color. Because of iron in the water, the Wilmington Water Department has had to shut down three of the town's eight pumping stations.

One of those pumping stations is now the site of a pilot test for a project which could solve the iron problem in a large number of wells. The process, called Vyredox, is one which was developed in Sweden, and is now under license to Layne New England a firm which has installed many of Wilmington's wells.

Layne is using the Butters Row pumping station as its first test in New England. And it is working.

The Vyredox process is far simpler than any treatment method previously devised, and is estimated to be about half as expensive. It makes use of bacteria that are already in the ground, feeding them oxygen. The bacteria then thrive, and eat the iron and manganese in the soil.

The process is carried out by installing a series of injection wells in a well-field, and forcing aerated water down those wells. The water is drawn from the town's water system at a rate of 500 gallons per minute for 12 hours at a time.

This heavy draw on the water system has caused a reversal of flow patterns and a stirring up of sediment, which causes water to appear dirty in that end of town.

The test has been in operation for about two weeks. When the work started, the iron content of the water was 2.15 parts per million. The testing has taken it as low as 0.1ppm. When the pumping station was closed a few years ago, the content was 4.0 ppm.

The installation, though, is not a permanent one. It is a test, to develop design criteria for a permanent treatment plant. That treatment plant would have to be funded by the town meeting.

Layne has two men on the site, taking frequent samples of the water.

"More is going to be known about this well than any other well in New England when we're done with it," said Bill Armstrong, a hydrologist.

Armstrong estimated that the testing at the Butters Row station would last for another two weeks.

The Butters Row Pumping Station produces 800 gallons per minute, but it has to be discharged back into the swamp during the test.

Below, hydrologist Bill Armstrong and Steve Carpenter take a water sample. The tank trailer holds the aeration equipment.

Rotary gives \$10,000 to Health Center

The Wilmington Rotary Club last week contributed \$10,000 to the building fund to construct the new Regional Health Center in Wilmington.

The presentation of the gift was made by Rotary President Al O'Connor to George Hazel, M.D. the Medical Director of the Regional

Health Center and Raymond McNamara who is chairman of the Building Fund Campaign. McNamara is also immediate past president of Rotary and president of the Regional Health Center Association. O'Connor indicates that the funds had been raised by the Rotary Club membership over a period of eight years.

The building fund is an area wide campaign to raise \$1,000,000 of the \$3,500,000 needed to build the Regional Health Center, now under construction on a site near the intersection of Routes 93 and 62, Wilmington.

The Regional Health Center will offer local industry as well as

residents of the area a variety of badly needed services. These will include 24-hour urgent care, pre-employment physicals, executive physicals, immunizations, screening programs to meet O.S.H.A. requirements (Occupational Safety and Health Act), disaster planning and physical fitness programs.

Regional Health Center's primary service area will be Wilmington and nearby areas in Andover, Billerica, Burlington, North Reading, Reading, Tewksbury, and Woburn. The Regional Health Center is open to all regardless of residency or ability to pay.

Business Information Center in Wilmington

The Wilmington Chamber of Commerce, through its board of directors and President Marvin Weiner of Dunkin' Donuts has accepted a proposal from the Metropolitan Area Planning Council (MAPC) to establish a Business Information Center in Wilmington.

The vote was made in Tuesday's meeting of the directors.

There are a number of such offices, in eastern Massachusetts, resulting from a suggestion made by the Boston Federal Reserve Bank. The offices are funded by Title III of CETA, and in the local case would be funded by the Medford Consortium.

An otherwise unemployed person, about 45 years old, is named and sent to special schools for this type of activity. This person is funded for one year. If, after the year is completed, the local community, through its town meeting or otherwise, wishes to continue the office, it can do so.

The purpose of Business Information Service is to provide advice and know-how to small business, and to assist the community in a referral way, for business enterprises. It provides information, programs

business and assists in funding, on a local level. It helps small businesses to get started, and to maintain themselves.

It is up to the person in the BIC office to prove the worth to the community.

The Wilmington Chamber of Commerce has voted a sum of money for office expenses for one year. Incidental transportation costs are to be borne by the MAPC. The local BIC employee gets the maximum pay that is allowed to CETA employees, \$10,000 a year. There is an exchange of information service with other BIC offices in adjoining communities.

If, in a period of less than a year, the local sponsoring organization (in this case the Chamber of Commerce) decides that the BIC office has not helped the community, the BIC employee may be changed, the agreement altered, or cancelled.

Ronald Patton of the MAPC office provided the information. Mr. Patton said that there are BIC offices in about a dozen north shore communities, among them Stoneham, Malden, Woburn, Reading and North Reading.

Patton told the directors of the chamber that there are also BIC offices in the south shore area. In Quincy, the office there has handled 400 cases of helping small business, and the local director has made himself indispensable. In Brockton there has been, so far, proposals for five new firms, made to the banks of the community.

Undecided, so far, is where the office of BIC will be located, in Wilmington.

The parade will be led by the Wilmington High School band. Others participating will be the Sons of Italy, the Knights of Columbus, the Boy Scouts and the Girl Scouts, along with the veterans' organizations, and other interested parties.

AMC Concord D/L.

1978 CONCORD 2-DR D/L

The luxury Americans want.
The size America needs.

The first thing you notice about the Concord D/L 2-door sedan is the incredibly striking appearance. Everything about it says luxury. Outside, there's a formal Landau vinyl roof with opera windows, whitewall tires color-keyed wheel covers, wide color-keyed body side scuff moldings, even an elegant hood ornament. Inside are luxurious individual reclining front seats, crushed velvet upholstery throughout, plush cut-pile carpeting, wood-grained instrument panel, Extra Quiet Insulation, carpeted trunk and spare tire cover, an electric digital clock and much more. And you get all these "extras" at no extra charge.

But the Concord D/L doesn't just look great, it's an

outstanding performer, too. Its size, for example, makes it easy to handle and maneuver. And it has a standard 232 cubic inch engine to give you the 6-cylinder power you need to cruise comfortably and pass safely on the highway. And Concord D/L is covered by AMC's exclusive Buyer Protection Plan.

The Concord D/L comes in 2-door and 4-door sedan models and in a 4-door wagon. Whichever you choose, we think you'll agree it's one of the finest, most beautiful cars AMC has ever built. It's got the luxury you want; the size you need; and a sticker price that makes it an incredible value!

LETTER

Dear Larz:
May I use your newspaper as a means of conveying my thanks to the many, many people in Wilmington who have helped create and mail the Community School Surveys that went out to each household last week?

The survey itself was compiled over many months of meetings by a sub-committee consisting of Miti Wolff, chairperson, Jim Durkee, Carol Frost, Patricia Gagnon, Mary Kuchler, Inez Murray, Dorothy Robbins, Charlotte Stewart, and Lester White and is designed to determine the need for a Community Schools Program for Wilmington and to give us a basis for planning such a program.

However, once the survey instrument was completed, the task of printing and mailing 4500 copies seemed almost overwhelming. Thanks to the cooperation of many people within the school department, the Girl Scouts of Troop 112, many high school students who came during their free time in school (some of whom came back two and three

times) and to Carol Frost, Charlotte Stewart, Mary Kuchler and Connie Miller of the Survey Committee, we did manage to get them out.

It is our hope that the townspeople of Wilmington will take a few minutes of their time to fill out these surveys. We would like to create a program which will eventually help make Wilmington into a community which offers educational, social, cultural and recreational opportunities to all its citizens, regardless of their age. To design a program that reflects the desires of the community, we need the input and cooperation of everyone. The deadline for mailing the returns has been extended in order to give everyone a chance to participate, although we would appreciate receiving the responses as soon as possible.

If there is anyone who did not receive a copy, they should call 658-2052 between 8:30 a.m. and 4:30 p.m. and a copy will be mailed to them.

Sincerely,
Barbara Hooper, Chmn.

Mike Barry US Deputy Marshall

Michael Barry, retired US Deputy Marshall, died in Holden on Saturday, Nov. 5. He had lived there for the past eight years.

Well known in Wilmington, he was a native of East Boston, 77 years old, the son of the late Michael and Mary (Collins) Barry. He was a Navy veteran of World War I, and prior to his retirement had served 33 years as a deputy U.S. marshal.

Mr. Barry married Anna Fitzgerald of Wilmington, a member of a well known family, and fit well into the local scene. He was one of the men of Wilmington who founded Wilmington Post 136, American Legion and was one of the early commanders of that post. Everyone in Wilmington knew Mike, and every time his picture appeared on the front page of a Boston newspaper, as it frequently did, the people of Wilmington noted it. LAND COURT

MIDDLESEX, ss.

To the Honorable the Judges of the Land Court for the Commonwealth of Massachusetts

Respectfully represents Robert B. Baker and Janice M. Baker, husband and wife both of Wilmington, in the County of Middlesex and said Commonwealth; that they are owners of a certain lot of land with the buildings thereon, situate in Wilmington, in the County of Middlesex and said Commonwealth, bounded and described as follows:

Three lots of land numbered No. 973, No. 974, No. 975 on Plan of "Silver Lake Gardens, Plat No. 2," made by Brooks, Jordan and Graves, Civil Engineers, dated September 1928, and on file in the North Middlesex District Deeds, Lowell, Mass. Book of Plans 32, Plan 73, to which reference may be made for a more particular description.

That the record title to said lot of land is clouded by a mortgage given by James P. Sullivan, et ux, to Harold M. That for more than twenty years after the expiration of the time limited for the full performance of said condition no payment has been made and no other act done in recognition of said mortgage; and

That the mortgagors named in said mortgage and those claiming under them have been in uninterrupted possession of said land for more than twenty years after the expiration of time limited in said mortgage for the full performance of the condition thereof;

WHEREFORE your petitioners pray that after appropriate notices a decree may be entered on the foregoing allegations as authorized by Section 15, Chapter 240 of the General Laws as amended by Chapter 30, of the Acts of 1924.

A true copy, attest Margaret M. Daly, Recorder.

A prayer for her dad

A heart attack is never easy. It isn't easy for the victim, and neither is it easy for the victim's family.

When John Drohan of Salem St., North Wilmington suffered a heart attack recently, his daughter Debbie wrote a prayer for him. The prayer was written for her C.C.D. class, but it was also read at the North Intermediate School.

Dear God:

I am asking you a favor. Will you please listen to my prayer? My dad had a heart attack, October 29, 1977. Will you please, in the name of your son Jesus, will you please make him better soon, because we love him very much and we still need him.

Thank you, Dear God. I love you too. And thank you for listening to my prayer.

Debbie Drohan

MacKenzie in plea for veterans aid

Former Senator Ronald MacKenzie of Burlington, who was convicted of conspiracy and extortion earlier this year, has appealed to the Governor's Council for financial aid to support his family, according to a story which appeared recently in the Woburn Daily Times.

MacKenzie has been barred from receiving Veterans benefits by State Veterans Service Commissioner Charles Collatos.

It is reported that an appeal for \$500 per month in assistance has been approved by the Burlington veterans' office.

MacKenzie appealed to the Governor's Council to overrule the ruling of Collatos. The former Senator is said to have told the council that he has performed a variety of jobs since his conviction including house painting, to support his wife and two children.

He told the councilors that he was unable to find employment for a 10 week period in mid summer, and is still having a difficult time to find a job. The councilors are scheduled to vote on the matter soon.

Convicted of extortion, along with Senator DiCarlo,

MacKenzie is currently out of jail pending appeal of the conviction. The Senator resigned his post, after being sentenced to a year in jail and a \$5,000 fine.

The former legislator, 43 years old, had just passed his bar examination before he was indicted and has been rejected for admission to practice law. He also had his insurance broker's license withdrawn.

He has been ruled eligible to receive a pension at age 35.

Senior aides: elders helping elders

Minuteman Home Care Corporation for the elderly is looking for persons 55 years and over who would like to work in paid part-time positions, serving other elders. Several positions are now available through the Senior Aides program, which is funded under Title IX of the federal Older Americans Act. Applicants must meet federal income eligibility limits. One position is available at the Wilmington Council on Aging Drop-in Center.

"Our goal will be to match the skills and interests of applicants with jobs that need to be done," said Paul Marony, who is coordinating the program for Minuteman Home Care. "We hope to work with councils on aging and non-profit groups in the 16 towns which we serve to insure that the Senior Aides will provide needed services for the elderly."

Low income persons 55 years of age or older, who are physically and mentally capable of performing part-time employment duties, are encouraged to apply. There are federal income limits. Persons who receive Supplementary Security Income (SSI) benefits are automatically eligible. Assets are not considered in determining eligibility, but income

from assets (interest, etc.) is considered.

Senior Aides work 20 hours per week. They are paid \$2.70 per hour and receive fringe benefits which include: 40 hours of vacation time per year; 50 hours of sick time; all state recognized paid holidays; health insurance coverage and travel reimbursement. Each Senior Aide receives a physical check up after being hired.

"I know of one 70-year-old widow who, just six months ago, used to sit at home alone, watching television, rarely speaking to another human being," said Marony. "Today she works at a social service agency, where she visits elderly shut-ins. As one of 150 Senior Aides state-wide, she officially works 20 hours per week, but, because she enjoys her work so much, she often exceeds that amount. Her work has given new purpose and meaning to her life."

Minuteman Home Care, a non-profit agency, provides homemaker, chore, and nutrition services to persons 60 and over in a 16 town region: Acton, Arlington, Bedford, Boxborough, Burlington, Carlisle, Concord, Harvard, Lexington, Lincoln, Littleton, Maynard, Stow, Wilmington, Winchester and Woburn. The goal of Minuteman Home Care is to enable elders to remain in their own homes and avoid unnecessary placement in nursing homes or other institutions.

Pat Bradbury, coordinator of the Wilmington Council on Aging will supervise a senior aide who will visit older people who are shut-ins, and assist with programs at the Drop-in Center. The Council on Aging urges Wilmington elders who are interested in the position to file an application.

Persons interested in applying to become Senior Aides should call or write Jeanne Madden at Minuteman Home Care Corporation, 365 Waltham St., Lexington or call 862-6200.

Joe Hartka is Pack 63 Cubmaster

Pack 63, sponsored by St. Thomas' Church, held its first pack meeting of the new scouting season on Thursday evening, October 20 at the church hall. The opening ceremony was conducted by Den Five under the leadership of Den Mother Barbara Walsh.

The new cubmaster Joe Hartka introduced himself and all of the other leaders present to the 32 new boys and their parents. He indicated that with the cooperation and help from the parents, the boys will have an enjoyable and successful year.

Awards were presented to the following boys: Peter Stosez received the Bear badge and one gold and one silver arrow point, Sean White was awarded the Bear badge and one gold arrow point; Kevin Williams and Andy Graham each got a silver arrow point and Mark Haley was awarded a gold arrow point.

Sixteen boys, and their parents participated in the ceremony marking the advancement of the boys into the ranks of the Webelos. The boys received their Webelos colors and neckerchiefs and were welcomed into Webelos by den leaders Robert George and Matt Kane.

A number of the Webelos earned activity badges. Ten boys earned a total of 13 activity badges in the areas of citizen, artist, geologist,

sportsman, naturalist and traveller.

A crossover ceremony was then held for John Dow, Greg Hooper, Robert Mullin, Charles Naimo, Stephen Revelas, and Brian Tully. These boys were bridging the gap between the Cub Scouts and the Boy Scouts.

Scoutmaster John Maye, his assistant John Dow, and several scouts from Troop 63 accepted the new boys into their troop in this ceremony. The top sellers in the pack's recent candy sale received prizes for their efforts. Al Corrieri chose a cub scout calendar watch; Russ Kashian a windbreaker jacket; Brian Walsh and Tom Fitzgerald received backpacks.

Ann Graham's Den One put on an excellent skit along the theme of fire prevention. Then one of the scouts who attended the 1977 Boy Scout Jamboree showed slides of the camping area and the various activities that took place. This gave the cubs an opportunity to see what they may be participating in sometime in their future in scouting.

The cubmaster indicated to parents of the new cubs that the pack must have volunteers for den mothers, assistants and various committee positions. There are 21 boys not assigned to dens because of the lack of leaders.

It was also announced that the pack will hold paper drives on a regular basis. Volunteers are also needed to help with these drives.

At the close of the meeting, the cubmaster indicated that all future pack meetings will begin promptly at 7:00, and are expected to last no more than one hour.

Dracut ground game buries Wildcats

MVC co-leader Dracut rolled up 280 yards rushing enroute to a 22-8 win over Wilmington last Saturday.

For the Wildcats it was their second straight loss while Dracut remained in a first place tie with Chelmsford at 6-1. Wilmington dropped to 3-4 in the MVC.

A fumble with Wilmington on the move late in the first quarter led to a Middle score as they recovered at their own 45 yard line and moved to the Wildcat 15 before settling for a 32 yard Bill Stecchi field goal and a 3-0 lead.

That lead would bulge to 16-0 before intermission as the Middies took advantage of poor field position and the inability of Wilmington to move the football.

Dave Nichaou capped a six-play 60 yard drive when he bulled in from six yards out with 1:58 left in the half.

It was Nichaou again from one yard out with 30 seconds left as Dracut moved 45 yards in four plays for the score.

On both marches the WHS defense held the Middies to third down and long situations only to have quarterback Dave Murphy break away for two first downs.

In the second half soph quarterback John Robarge took over for senior Steve Woods who was bothered by a sore shoulder.

Robarge did well going 7-16 for 56 yards passing.

Wilmington controlled the ball for most of the third quarter, but could get no closer than the Dracut 44.

In the final stanza Ron Monbleau went off tackle on a 59 yard romp to up the Dracut lead to 22-0. A 73 yard drive in eight plays got the Wildcats on the board following the last Middle score. Tim Moran and Jim Bibeau did the bulk of the ball-carrying while Chris Briggs made a pair of fine catches to move the ball to the Dracut one. Moran averted the fourth WHS shutout of the year when he capped the drive with a one yard plunge.

Robarge passed to Briggs for the two point conversion and the 22-8 final.

Dracut totaled 330 yards - a very productive day against the usually strong WHS defense.

The Middies made it a clean sweep downing the junior varsity squad 20-14 and halting the frosh unbeaten streak with a 14-11 conquest.

Scoring champ

Wilmington High's Dave Sousa charges upfield to lead his team's attack Friday afternoon against Tewksbury. Dave won the Merrimack Valley Conference scoring championship with 29 points. The Wildcats are scheduled to begin tourney play today in Foxboro.

Wildcat runners top Redmen

Tewksbury High star runner Bob Labadini took first place, but the WHS cross country team captured four of the first six places enroute to a 24-31 win at the Wildcat course Monday afternoon.

Labadini grabbed the top spot in 11:52 with Wildcat runner Dana Spring in second place at 12:12. Mark Fougere of Tewksbury was third with a 12:14 time. The big WHS rush came in the fourth through seventh positions. John Mucci (12:28) and Greg Hancox (12:44) were the fourth and fifth place finishers while Carl Borgeson (12:52) and Gary Gable (12:57) grabbed the sixth and seventh spots for the winners.

Tewksbury snapped the string in the final three slots in the top 10 with Mark Ordway (13:00), John Stewart (13:13), and Ray Maillet (13:18) finishing strong for the Redmen.

The Wildcat junior varsity romped to an 18-44 win as Alan LeFavour (10:21) and Mike Siciliano (10:22) ran strong in the top two spots. Tewksbury's Chris Smolinsky was third at 10:25 but the Wildcats surged by taking the next four positions behind the efforts of Scott Sullivan (10:29), Ken Warren (10:33), Mike Cassidy (10:34) and Alan Cabral (10:38).

Samson of Tewksbury was eighth at 10:42 and Wildcat Dave Virtus was the ninth man with a 10:51 time. The tenth place finisher was Redmen John MacDonald at 10:52.

Track tidbits...Wilmington's win made it a five way tie for second place in the final MVC standings. Austin Prep copped the title with a perfect 9-0 mark. Both Maillet and Stewart have been hampered by colds recently and TMHS coach Mike Daley held them out of the State Coaches Meet hoping they would get their strength back in time for the Wildcats.

The All-State meet is this Saturday at Gardner High. Tewksbury will have an outstanding girls cross country contingent at the meet with junior Kim Judge leading the way. Kim finished 13th in the State Coaches meet.

Also making the trip to Gardner are Lisa Gaines who placed 20th in that Division I girls race and Patty Barlow who finished 25th.
